Table of Contents

Environmental Hazards and Pollution from Liquid Waste Lagoons S. K. Al-Musharafi, I. Y. Mahmoud and S. N. Al-Bahry	1
Distinct Adherence Mechanisms in <i>Salmonella Typhimurium</i> Strains 1826 ATCC 14028 to Macrophages S.N. Al-Bahry, I.Y. Mahmoud and S.K. Al-Musharafi	6
Modeling Soil Temperature Using Artificial Neural Network Esam Mahmoud Mohammed, Shahlla abd alwahab and Hasmek Antranik Warttan	11
Superimposed Ice as Nutrient Storage Krystyna Kozioł, Katarzyna Kozak and Żaneta Polkowska	16
Photolytic and Photocatalytic Recreational Water Treatment Andreas Hänel, Aleksandra Ptaszyńska, Aleksandra Korkosz and Jan Hupka	21
Annual Changes of Basic Parameters of Bottom Sediments from the Klodnica River Catchment Ewa Olkowska, Marek Ruman and Żaneta Polkowska	26
New Technique of Preparation of Standard Gaseous Mixtures Needed for Validation of Analytical Procedures Used in Environmental Studies <i>M. Slomińska, P. Konieczka and J. Namieśnik</i>	31
Cleaning Filter Beds by Fluidization: Comparison of Fluidization Characteristics of Filter Sand and Filtralite Gahtan Algahtani and R.W. Lovitt	36
Application of Diagnostic Ratios of PAHs to Characterize the Pollution Emission Sources Marek Tobiszewski	41
Sorption of Chlorinated Solvents on Pine and Oak Sawdust Marek Tobiszewski	45
Monoterpene Emissions from Different Samples of Wood-Based Materials – Laminated Chipboards and Medium-Density Fiberboards (MDF) Mariusz Marć and Bożena Zabiegała	49
An Integrated Solid Waste Management System in Kuwait Abdalrahman Alsulaili, Bazza AlSager, Hessa Albanwan, Aisha Almeer and Latifa AlEssa	54
Direct-Ultrasonic Assisted Microextraction Coupled with RTL-GC-FID/GC-MS as a Future Standard Procedure for Monitoring 26 Potentially Allergenic Fragrances in Water Samples <i>Aleksandra Szreniawa-Sztajnert and Bożena Zabiegała</i>	60
Spatial and Temporal Analysis of Air Pollution in Makkah, the Kingdom of Saudi Arabia Turki M. Habeebullah, Said Munir, Essam A. Morsy and Atef M.F. Mohammed	65
Environmental and Economical Oil and Groundwater Recovery and Treatment Options for hydrocarbon contaminated Sites	71

Hamad Al-Mebayedh

Influence of Meteorological Conditions on PM ₁₀ Concentration in Gdańsk Michalina Bielawska and Waldemar Wardencki	76
Effect of Biodiesel Blends on Ultrafine Particle Number Concentration from Diesel Passenger Car under Real-World Driving Conditions <i>Qian Feng, Diming Lou, Piqiang Tan and Zhiyuan Hu</i>	81
How to Assess Environmental Hazards of Potential Chemical Pollutants: The Case of Ionic Liquids Piotr Stepnowski, Stefan Stolte, Anna Białk-Bielińska and Marta Markiewicz	89
Macro- and Microelements in Green Tea and Its Infusions Justyna Brzezicha, Małgorzata Grembecka and Piotr Szefer	95
Emission and Determination of Malodorous Compounds from Municipal Solid Waste Sites and Wastewater Treatment Plants Marta Wasielewska, Anna Banel and Bogdan Zygmunt	99
Environmental Impacts of Renewable Energy Technologies Ewa Klugmann-Radziemska	104
Fixed-bed Column Packed with Low-Cost Spent Tea Leaves for the Removal of Crystal Violet from Aqueous Solution <i>Mohamed Sulyman</i>	110
Analysis and Fate Assessment of Sulphonamides in the Environment Anna Białk-Bielińska, Stefan Stolte, Jolanta Kumirska and Piotr Stepnowski	119
Reducing the Risk of Fire Danger in Lebanon Based on Predictive Analysis and Preliminary-Proactive Actions Ali Karouni, Alaa Hilal, Bassam Daya and Pierre Chauvet	125
A Review of Small Scale Distributed Power Generation Technologies Using Solar Energy Driven Stirling Engine Salem Ghozzi and Rabah Boukhanouf	129
Effects of Building Density on Energy Demand for Indoor Cooling Under Extreme Hot Weather Mohammed Mahboob, I-Tsung Tsaia, Edgar Samano Bacaa and Afshin Afshari	136
Author Index	141
